FEDERALLY EMPLOYED WOMEN

Federally Employed Women (FEW) is a private, non-profit organization founded in 1968 after Executive Order #11375 was signed, which added "sex" to the prohibited discriminations in the federal government.

FEW supports the advancement of women in federal service by:

- Encouraging diversity and inclusion in the workplace.
- Establishing and maintaining relationships with organizations who advocate the fair application of laws, policies, procedures, and practices.
- Improving the quality of life for women by influencing legislative actions.
- Committing to maintain a diverse and unified membership.
- Providing opportunities for professional growth through training.

Membership is open to anyone who supports FEW's mission, which includes current and retired federal workers, civilian employees, students, friends, and your family members.

Interested in joining FEW? The Chapter Presidents' names and information is on the reverse of this brochure. Email them to ask any questions about a chapter in your area, or to request a Membership Application. Any president can help you and will respond to your email.

FEW's annual \$45 membership cost is a small investment in YOUR career!

ABOUT THE PNW REGION

FEW's Pacific Northwest Region

(PNW) consists of members from Alaska, Idaho, Oregon, and Washington. Your membership provides networking opportunities to exchange information with members from other agencies, professions, and grade levels. The Region maintains ongoing communications with our retired federal members and local agencies.

The PNW Officers are a valuable link between the FEW National Office and our chapter members. Our Officers provide guidance, mentoring, leadership, and training. They share a wealth of leadership experience with each member they touch. Our training is structured to meet the needs of our members as they advance in their careers.
